ARAB HOSPITALS FEDERATION

COMMITTED TO ADVANCE
EXCELLENCE
IN HEALTHCARE

Connect • Develop • Exchange • Transform

Behind every success there is a story

The Arab Hospitals Federation is an independent, non-political and non-profit organization that represents and serves Arab public and private hospitals, medical centers, institutions, organizations and individuals directly connected with the provision of Healthcare.

Founded in 1999, AHF constitutes an ideal platform to exchange ideas, policies and services in the Healthcare Management as well it provides education for health care leaders and is a source of information on health care issues and trends.

Mission

Advance Health in the Arab Countries.

The Arab Hospitals Federation leads, represents and serves hospitals, health systems and other related organizations that are accountable to the community. It promotes improvement in the health of Arab citizens and a high standard of hospital care, fostering efficiency, effectiveness and humanity in the organization and operations of hospital and health services.

Our mission is to:

- Raise Quality, Safety, efficiency and Good Governance in the Arab Healthcare Sector
- Be a reference platform able to support its members and to contribute to serve the Arab Healthcare Sector
- Encourage initiatives, Good Governance, Effective Leadership and implement Value Based Care Delivery Practices and Strategies
- Influence health policies with Decision Makers, Healthcare Organizations and assure High Quality Services for the Arab Patients
- Support our members to offer the best services, overcome the challenges, exchange practical Knowledge and information and maintain our aim in planting the seeds of development to have a qualified healthcare staff.

Vision

The AHF envisions an Arab world with healthy communities, well-managed hospitals, and outstanding health services, in which everyone reaches their full health potential.

Our Priorities

- Supporting Robust governance of the Arab Healthcare sector
- Ensuring Better Care and Greater Value
- Promoting Sustainability in Healthcare sector
- Leading the Transformation in Healthcare
- Improving Patient Experience
- Enhancing Trust and Confidence in Hospitals and Health Systems
- Planting the seeds of development for Healthcare Workers
