ARAB HEALTHCARE DEVELOPMENT ANNUAL FORUM
المنتدى العربي السنوي لتطوير الرعاية الصحية

29 - 30 APRIL, 2024
Sheraton Grand Doha Hotel - Qatar

UNDER THE PATRONAGE OF THE
MINISTRY OF PUBLIC HEALTH IN QATAR

ARAB HEALTHCARE DEVELOPMENT

ANNUAL
FORUM

SHAPING
HEALTHCARE
FUTURE

LET'S SHAPE THE FUTURE

BUILD

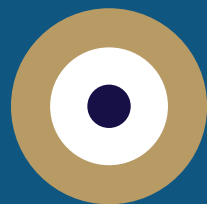

By gathering Arab Ministers of Health, key decision makers, Top Healthcare executives, Healthcare Professionals and Healthcare workers from around the Arab Countries, AHDAF Forum will offer an unmissable opportunity to share knowledge and lessons about various topics that will impact tomorrow's healthcare and build an efficient, equitable and resilient healthcare future.

SUSTAIN

The healthcare sector needs to play a vital role in incorporating sustainability into healthcare delivery and operations to ensure a sustainable future for the next generation.

AHDAF will shed the light on how hospitals can be sustainable by 2030 by sharing the information, tools, and skills to drive this sustainable transformation at leadership, management, and institutional levels.

TRANSFORM

Discover the transformation ways that should be implemented in the Healthcare sector to be smart by sharing insights and leading practices on embracing digital technology that delivers value and high quality service, adopting responsible AI use in healthcare, creating value-based care & improving total cost.

WELCOME MESSAGE

FROM THE ARAB HOSPITALS FEDERATION

On behalf of the Arab Hospitals Federation, It is our utmost pleasure to welcome you to AHDAF QATAR, the Arab Healthcare Development Annual Forum that will be held on 29 - 30 April 2024 at Sheraton Grand Doha Hotel - Qatar under the patronage of the Ministry of Public Health in Qatar with the valuable presence of Her Excellency Dr Hanan Mohamed Al Kuwari, Minister of Public Health in Qatar and many Arab Health ministers in Strategic partnership with Hamad Medical Corporation, and in collaboration with the World Health Organization - EMRO, Arab Ministries of Health , and many healthcare authorities from the Arab world and our scientific supporters Geneva sustainability center, HIMSS, Healthcare financial management Association HFMA and Gates group that worked hardly to have a valuable content for the sessions.

The Forum will gather different stakeholders of the Arab Healthcare sector such as Arab Government officials, Ministers of Health, Key decision makers and players in the Arab Healthcare sector to discuss and share visions, approaches and opportunities to Shape tomorrow's healthcare.

Qatar has set a goal of achieving world-class healthcare standards to be a global leader and it has played a multifaceted role in healthcare, with a focus on improving healthcare and contributing to many health initiatives through investment, research, and humanitarian efforts.

Qatar is characterized by modern infrastructure, comprehensive services, regulatory oversight, and a commitment to excellence in patient care. The government continues to invest in the sector to meet the growing healthcare needs of its population and enhance the quality of healthcare delivery.

"Shaping healthcare Future" is our theme for this edition as it is an important subject to address evolving challenges and leverage opportunities in the healthcare landscape. It involves integrating emerging technologies, such as artificial intelligence and telemedicine, enhancing patient care and optimizing healthcare delivery in addition to focusing on value-based care, sustainability and Digital Healthcare transformation. By embracing these principles and fostering a culture of innovation and collaboration, stakeholders can work together to create a healthcare system that is accessible, efficient, and patient-centered, ultimately improving health outcomes and enhancing the well-being of individuals and communities globally.

Our elite platform is renowned in gathering Arab Ministers of Health, key decision makers, Top Healthcare executives, Healthcare Professionals and Healthcare workers from around the Arab Countries to sit, network, discuss, share information and best practices and address the latest issues related to the industry.

AHDAF QATAR 2024 delves into the future of healthcare, challenges and opportunities across the Arab Countries through various activities organized over two days from theory to practice, and it will celebrate and grant recognition awards during its opening ceremony to the visionaries and impactful leaders across the region's healthcare organizations.

We seize the opportunity to thank HE. Dr. Hanan Al Kuwari, Minister of Public Health in Qatar for her support, to the Arab Ministers of Health present in AHDAF and to our supporters Hamad Medical Corporation, Elegancia Healthcare, Viatrix, Q Holding, Johnson & Johnson, Abbott, GE Healthcare, Al Salam Hospital Kuwait, the Federation of private Hospitals in Kuwait, King Hussein Cancer Center, Santechtur and Mannai Corporation Infotech for their contribution to the success of our journey and this forum and for gathering this distinguished Healthcare community.

We hope to meet you all on 29 - 30 April at the Arab Healthcare Development Annual Forum!

MP. FADI ALAME
PRESIDENT

PROF. TAWFIK KHOJA
GENERAL SECRETARY

ALICE BOUEIZ
CHIEF EXECUTIVE OFFICER

OVERVIEW

AHDAF QATAR is the Arab Healthcare Development Annual Forum that will be held on 29 - 30 April 2024 at Sheraton Grand Doha Hotel - Qatar under the patronage of the Ministry of Public Health in Qatar, in Strategic partnership with Hamad Medical Corporation, and in collaboration with the World Health Organization - EMRO, Arab Ministers of Health Council, and many healthcare authorities from the Arab world.

AHDAF QATAR is dedicated to Qatar Healthcare sector and is endorsed by many International organizations such WHO , Geneva Sustainability Center, HIMSS, HFMA and Gates . Key decision makers, hospital owners, C-level executives, Directors, Clinicians and Healthcare Leaders and professionals will be present to get insights on worldwide trends affecting hospitals and healthcare, sharing best practices and solutions while creating a real forum for networking in the Arab countries.

Leading Health executives from around Hospitals of the region will meet to learn and exchange ideas on new business models, innovative technologies and the future of Hospitals .

EVENT VISION

Shaping Healthcare Future

By fostering a culture of Digital Health Transformation, sustainability and Excellence, All stakeholders in the healthcare ecosystem can shape a future where healthcare is accessible, sustainable, and patient-centered, ultimately improving the health and well-being of individuals and communities worldwide.

While many disruptors impacting healthcare pose threats on health and healthcare systems, we see that technology and innovation are leading the way and changing how health and healthcare systems are designed and delivered.

It's therefore very important for stakeholders, industries and decision makers to sit together and discuss challenges faced, barriers to implementation, exchange knowledge and expertise to shape a future that is characterized by improved health outcomes, enhanced patient experience, and sustainable healthcare delivery systems.

Our event will focus on Five important pillars:

- **Equitable access and outcomes in health and healthcare:** The goal is to have equitable access to determinants of health and shift to Value-based care to prioritize patient outcomes and quality of care.
- **Environmental Sustainability:** that aims at reducing the healthcare industry's environmental impact, preparing for and addressing climate change for better health and wellness.
- **Artificial Intelligence in Healthcare:** AI is driving advancement in diagnostics, treatment planning leading to more precise diagnoses, optimized treatment outcomes, and improved population health management and focus is currently on developing regulatory frameworks and guidelines for the clinical application of AI and its usability.
- **Healthcare Digital transformation :** The integration of digital technologies is revolutionizing healthcare delivery, enhancing accessibility, and enabling personalized, data-driven treatments.
- **Business Healthcare transformation :** RCM is the core driver in business transformation and by optimizing this core, hospitals will reach financial sustainability.

WHAT TO EXPECT?

WHY TO ATTEND?

This conference will feature inspiring speakers, interactive sessions, and multiple opportunities to network and share lessons and success stories:

1. Participate in a discussion about shaping tomorrow's Healthcare Challenges
2. Learn from thought leaders, experts and high-level professionals about the Healthcare Digital Transformation provided by top notch speakers in the field.
3. Network with Decision- makers, Executives and industry peers to implement sustainability strategies.
4. Get acquainted with new programs, initiatives and skills to reshape tomorrow's Healthcare.

WHO SHOULD ATTEND?

- Ministries of Health
- Arab Healthcare Organizations & Associations
- Healthcare Facilities
- High level Policy makers
- Healthcare Professionals
- Consulting Companies
- Accrediting Bodies
- Healthcare technology developers, designers and programmers
- Healthcare visionaries and innovators
- Physicians
- Nurses
- Pharmacists
- AHP's,
- Healthcare universities and educators
- Healthcare management entities
- Healthcare Providers
- Pharmaceutical Companies
- Medical Equipment Companies

AGENDA

SHAPING HEALTHCARE FUTURE

The Arab healthcare sector is faced by multiple challenges ranging from unprecedented disruptions caused by pandemics the latest being COVID 19, followed by social, economic, geopolitical and environmental challenges that are incurring strains on healthcare systems, particularly healthcare workers, access to care, provision and supply of essential health products. Shaping the future of healthcare requires a collaborative and forward-thinking approach between various stakeholders to embrace innovation, equity, and patient-centered care and build a more resilient, efficient, and sustainable healthcare system that meets the needs of individuals and communities.

In AHDAF Qatar Forum, we will address how to shape the healthcare future by focusing on 5 fundamental pillars:

The Future of Healthcare is based on five pillars

 <p>Equitable access, patient centered care & outcomes</p> <p>Ensuring equal representation, fostering a culture of excellence and improving outcome for all</p>	 <p>Environmental sustainability</p> <p>Reducing impact on the environment, preparing for, addressing Climate change</p>	 <p>Healthcare Transformation</p> <p>Managing the financial aspects of patient care from registration to the final payment</p>	 <p>Digital Healthcare Transformation</p> <p>Structuring smart healthcare systems to provide high - quality care</p>	 <p>Technology , Innovation & AI</p> <p>Integrating technology and AI to lead to a more efficient, effective, and patient-centered care</p>
